

# CANOPY CAP® SPECIFICATIONS

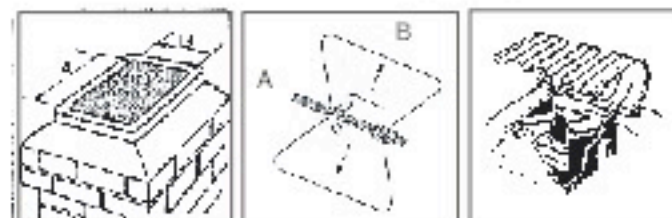

## canopy cap Model CCU WITH SCREEN

**Application:** Low profile, economical cap for protecting square or rectangular flues from weather, debris, and animals. All copper hood makes this an ideal choice where owners place a high value on aesthetics. Enclosure of the chimney on two sides of the cap permits selective positioning towards prevailing winds or zones of wind turbulence.

**Standard Materials:** Hood is copper and all other parts, including screen, are 100% austenitic stainless steel.
