

VACU-STACK® SPECIFICATIONS

Vacu-Stack® Model VSS-TDW WITHOUT SCREEN

Application: For double wall or triple wall round, air cooled chimneys. This is the premier cap for solving common wind-related chimney draft problems caused by conditions such as hills and mountains in the vicinity, tall trees near the chimney, or tall buildings nearby.

Standard Materials: 100% austenitic stainless steel.

Alternate materials: Copper and Type 316 stainless steel for marine environments.

MODEL #	DIAMETERS (INCHES)			SHIPPING WEIGHT (POUNDS)
	A	B	C	
VSS-5-TDW	5	13	13	7
VSS-6-TDW	6	16	14	8.5
VSS-7-TDW	7	16	15	8.5
VSS-8-TDW	8	16	18	11
VSS-9-TDW	9	16	20	11
VSS-9.5-TDW	9.5	16	20	11
VSS-10-TDW	10	16	21	15
VSS-11-TDW	11	19	23	19
