

WEATHERSHIELD® SPECIFICATIONS

WeatherShield™ Model WSA-TDW

Application: For double wall or triple wall round, air cooled chimneys. This is the ideal cap for excluding rain, snow, animals, leaves, and other debris from the chimney. 100% stainless steel construction assures long life and rust-free performance. Uses "spring fit" for easy installation and fast removal for chimney cleaning.

Standard Materials: 100% austenitic stainless steel.

Alternate materials: Copper (Model WSC-TDW) and Type 316 stainless steel (Model WSM-TDW) for marine environments.
